DATE OF INFO.

1. The CHUNGKING* is lying on her side in 20 feet of water at Yingk'ou (122-13, 40-40). Last summer, when she was in shallower water, an attempt was made to float her by using two "turtle tanks", but she slid into deeper water and the project was abandoned. The Soviets were asked for salvage equipment from Port Arthur, but none was available.
2. A further salvage attempt may be made next spring.
